- **Entering a photo competition can improve your skills and make you a better photographer!**
  - Entering a competition pushes you as a professional photographer by letting you push yourself. Find out what you're capable of while learning new skills and honing old ones.
  - **CTPPA Image Competition is digital in order to encourage more photographers to enter, make it easier and less expensive to enter, and implement use of [printcompetition.com](http://printcompetition.com).**
  - Entering a competition may seem daunting, but it's one of the best, most rewarding experiences you'll have as a professional - and as an artist. You might be fearful, afraid of competing against other photographers, but in reality, you are competing against yourself, that is, you will improve, and you can measure that improvement from competition to competition and from year to year. To this end, we have added a new award, the Club 480 award, which is awarded to ALL photographers whose case of 6 earns 480 or above.
  - **We encourage everyone to enter this competition! *You do not need to be a CTPPA member!***
